## **A MESSAGE FROM THE PRINCIPAL**

Welcome back for the 2023-24 school year. This handbook provides you with basic information that you will need in order to successfully participate daily at school. Please read it carefully and do not hesitate to contact me or a teacher if you have questions. You should be aware of the fact that this handbook is not all-inclusive as there may be incidents that will occur that will not be covered in this document. However, we will always do our best to be honest and understanding when dealing with every student at Fillmore Central.

Remember that much of what you accomplish this year is up to you. We will do everything possible to assist you on this journey, but you should take advantage of every opportunity that this school has to offer. Conan O'Brien's quote says it best: "If you work hard and you're kind, amazing things will happen." Welcome back and have a great year!

Sincerely,

A handwritten signature in black ink that reads "Eric Talbot". The script is cursive and fluid, with the first letters of "Eric" and "Talbot" being capitalized and prominent.

7-12 Principal

## **I. ATTENDANCE INFORMATION AND POLICIES**

### **COMPREHENSIVE STUDENT ATTENDANCE POLICY**

#### **A. Statement of Overall Objectives**

School attendance is both a right and a responsibility. Fillmore Central School is an active partner with students and parents in the task of ensuring that all students meet or exceed the New York State Learning Standards. Because Fillmore Central recognizes that consistent school attendance, academic success and school completion have a positive correlation, Fillmore Central will develop and review and, if necessary, revise a Comprehensive Student Attendance Policy to meet the following objectives:

- a) To increase school completion for all students;
- b) To improve student achievement and close gaps in student performance;
- c) To identify attendance patterns in order to design attendance improvement efforts;
- d) To know the whereabouts of every student for safety and other reasons;
- e) To verify that individual students are complying with education laws relating to compulsory attendance;
- f) To determine the District's average daily attendance for State aid purposes.

#### **Description of Strategies to Meet Objectives**

The School District will:

- a) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.
- b) Develop a Comprehensive Student Attendance Policy based upon the recommendations of a multifaceted District Policy Development Team that includes representation from the Board of Education, administrators, teachers, students, parents and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Comprehensive Student Attendance Policy.
- c) Maintain accurate recordkeeping via a Register of Attendance to record attendance, tardiness or early departure of each student.
- d) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.
- e) Develop early intervention strategies to improve school attendance for all students.

#### **Determination of Excused and Unexcused Absences, Tardiness and Early Departures**

Based upon our District's education and community needs, values and priorities, the District has determined that absences, tardiness and early departures will be considered excused or unexcused according to the following standards.

- a) **Excused:** An absence, tardiness or early departure may be excused if due to personal

- illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations or other such reasons as may be approved by the principal.
- b) **Unexcused:** An absence, tardiness or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (examples: family vacation, hunting, babysitting, hair cut, oversleeping, etc.).

### **Student Attendance Recordkeeping/Data Collection**

The record of each student's presence, absence, tardiness and early departure shall be kept in a register of attendance in a manner consistent with Commissioner's Regulations. An absence, tardiness or early departure will be entered as "excused" or "unexcused" along with the District code for the reason.

*Commencing July 1, 2003, attendance shall be taken and recorded in accordance with the following:*

- a) For students in non-departmentalized kindergarten through grade eight (i.e., self-contained classrooms and supervised group movement to other scheduled school activities such as physical education in the gym, assembly, etc.) such student's presence or absence shall be recorded after the taking of attendance once per school day, provided that students are not dismissed from school grounds during a lunch period. Where students are dismissed for lunch, their presence or absence shall also be recorded after the taking of attendance a second time upon the student's return from lunch.
- b) For students in grades nine through twelve or in departmentalized schools at any grade level (i.e., students pass individually to different classes throughout the day), each student's presence or absence shall be recorded after the taking of attendance in each period of scheduled instruction except that where students do not change classrooms for each period of scheduled instruction, attendance shall be taken in accordance with paragraph "a" above.
- c) Any absence for a school day or portion thereof shall be recorded as excused or unexcused in accordance with the standards articulated in this policy.
- d) In the event that a student at any instructional level from kindergarten through grade twelve arrives late for or departs early from scheduled instruction, such tardiness or early departure shall be recorded as excused or unexcused in accordance with the standards articulated in this policy.

A record shall be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or such other cause as may be found satisfactory to the Commissioner of Education.

Attendance records shall also indicate the date when a student withdraws from enrollment or is dropped from enrollment in accordance with Education Law Section 3202(1-a).

At the conclusion of each class period or school day, all attendance information shall be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness, or early departure shall be coded on a student's record in accordance with the established District/building procedures.

## **B. Fillmore Central Senior High School Attendance Policy**

### **Student Attendance Rationale**

Frequent absences of pupils from regular classroom learning experiences disrupt the continuity of the instructional experience. The benefit of regular classroom instruction is lost and cannot be entirely regained, even by extra after-school instruction. Consequently, many pupils who miss school frequently experience great difficulty in achieving the maximum benefits of schooling. Indeed, many pupils in these circumstances are able to achieve only mediocre success in their academic programs. The school cannot teach pupils who are not present. The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and study in order to reach the goal of maximum educational benefits for each individual child. The regular contact of the pupils with one another in the classroom and their participation in well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose. This is a well-established principle of education which underlies and gives purpose to the requirement of compulsory schooling in this and every other state in the nation.

Students who are absent from class due to their participation in a school sponsored activity are to arrange with their teachers to make up any work in a timely manner as determined by the student's teacher. Attendance at school sponsored events where instruction is substantially equivalent to the instruction which was missed shall be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness or early departure, it shall be the responsibility of the student to consult with his/her teacher(s) regarding arrangements to make up missed work, assignments, and/or tests in accordance with the time schedule specified by the teacher.

### **STEP 1**

After 10 official absences or tardies from school (legal and/or illegal) an official letter will be sent from the home school liaison/social worker to inform families of the need to improve attendance.

### **STEP 2**

After 15 official absences or tardies from school (excused and/or unexcused) an official letter will be sent from the home school liaison/social worker to the parents requesting a meeting. The meeting will be attended by the student, parent/guardian, the home school liaison/social worker, the guidance director, and the principal. The importance of

attendance and the expectations for our students would be discussed. Prior to the meeting the home school liaison/social worker will meet with each teacher to discuss the student's progress to determine how the absences are affecting the grades. After the meeting the student will be required to meet with all teachers to make arrangements to make up all necessary assignments.

The guidance director meet with the student on a weekly basis to check on his/her progress. Communication with the parents regarding these conferences would also take place.

### **STEP 3**

After 20 official absences or tardies from school (excused and/or unexcused) an official letter will be sent from the home school liaison/social worker to the parents requesting a meeting. The meeting will be attended by the student, parent/guardian, the superintendent, the home school liaison/social worker, the guidance director, and the principal. The importance of attendance and the expectations for our students would be discussed.

The guidance director will meet with the student on a weekly basis to check on his/her progress. Communication with the parents regarding these conferences would also take place.

### **Notice of Students who are Absent, Tardy or Depart Early Without Proper Excuse**

A designated staff member shall notify by telephone the parent/person in parental relation to a student who is absent, tardy or departs early without proper excuse. The staff member shall explain the District's Comprehensive Student Attendance Policy, the District's/building level intervention procedures, and, if appropriate, the relationship between student attendance and course credit. If the parent/person in parental relation cannot be reached by telephone, the staff member will provide such notification by mail. Further, the District's Attendance Policy will be mailed to the parent/person in parental relation to promote awareness and help ensure compliance with the policy.

If deemed necessary by appropriate school officials, or if requested by the parent/person in parental relation, a school conference shall be scheduled between the parent/person in parental relation and appropriate staff members in order to address the student's attendance. The student may also be requested to attend this conference in order to address appropriate intervention strategies that best meet the needs of the student.

### **Attendance Incentives**

In order to encourage student attendance, the District will develop and implement grade-appropriate strategies and programs including, but not limited to:

- a) Monthly drawings for prizes at each grade level to reward perfect attendance;
- b) Special events (e.g., assemblies, guest speakers, field days) scheduled on days that historically have high absenteeism (e.g., Mondays, Fridays, day before vacation);
- c) Classroom acknowledgment of the importance of good attendance (e.g., individual certificates, recognition chart, bulletin boards);
- d) Assemblies collaboratively developed and promoted by student council, administration, and other community groups to promote good attendance.

## **Disciplinary Consequences**

Unexcused absences, tardiness and early departures will result in disciplinary sanctions, as described in the District's Code of Conduct. Consequences may include, but are not limited to, in-school suspension, detention and denial of participation in interscholastic and extracurricular activities. Parents/persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness or early departures and the importance of class attendance and appropriate interventions. Individual buildings/grade levels will address procedures to implement the notification process to the parent/person in parental relation.

## **Intervention Strategy Process**

In order to effectively intervene when an identified pattern of unexcused absences, tardiness or early departures occur, designated District personnel will pursue the following:

- a) Identify specific element(s) of the pattern (e.g., grade level, time frame, type of unexcused absences, tardiness or early departures);
- b) Contact the District staff most closely associated with the element. In specific cases where the pattern involves an individual student, the student and parent/person in parental relation will be contacted;
- c) Discuss strategies to directly intervene with specific element;
- d) Recommend intervention to Superintendent or his/her designee if it relates to change in District policy or procedure;
- e) Implement changes, as approved by appropriate administration;
- f) Utilize appropriate District and/or community resources to address and help remediate student unexcused absences, tardiness or early departures;
- g) Monitor and report short and long term, effects of intervention.

## **Appeal Process**

A parent/person in parental relation may request a building level review of their child's attendance record.

## **Building Review of Attendance Records**

Commencing with the 2003-2004 school year, the building principal will work in conjunction with the attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness and early departures.

### **Annual Review by the Board of Education**

The Board of Education shall annually review the building level student attendance records and if such records show a decline in student attendance, the Board shall make any revisions to the Policy and plan deemed necessary to improve student attendance.

### **Community Awareness**

The Board of Education shall promote necessary community awareness of the District's Comprehensive Student Attendance Policy by:

- a) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of each school year and promoting the understanding of such a policy to students and their parents/persons in parental relation;
- b) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and
- c) Providing copies of the policy to any other member of the community upon request.

## **C. ATTENDANCE POLICY FOR STUDENTS ATTENDING THE BOCES OCCUPATIONAL CENTER**

### **Rationale**

Student attendance is a necessary and vital ingredient in the learning process. This attendance program is being introduced to promote good attendance at the Occupational Education Center and at the home school. Absenteeism on the part of BOCES Occupational Education students is a concern for many reasons.

- 1. The ability to learn a trade or skill is severely limited if the student is not present to receive instruction and, more importantly, to experience working with the necessary tools and/or equipment.
- 2. Employers value on-the-job attendance and punctuality. Students will become aware of the importance of a good attendance record, and therefore enhance their employability.
- 3. The home school makes a substantial financial commitment to send each student to the BOCES Center. An attendance requirement will identify any students who

choose to waste this opportunity. An effort to channel resources where they show maximum educational benefits is an answer to the public's cry for accountability.

The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences and study. The regular contact of the pupils with one another in the classroom and their participation in well-planned instructional activity under the direction of a competent teacher are vital to the learning process. Since a school cannot teach students who are not present, a student's classroom attendance record will be a factor in determining whether credit is to be granted or denied.

## **I. Policy**

Anytime a student is absent from the Vo/Tech Center, he/she must obtain an absence report form from the Main Office upon his/her return to school. A copy must be given to the instructor for re-admittance to class.

Attendance is taken and reported to the home school daily. In some courses, absence deducts from the hours needed to accumulate for licensing. In all courses, excessive absence may cause a student to be issued an incomplete or be dismissed from the BOCES program.

At the beginning of the school year all students will be advised of the necessity of good attendance. A copy of the BOCES attendance policy will be signed by each student and their parent/guardian verifying their understanding of this policy.

1. When a student is absent three (3) days in one quarter, the teacher will meet with him/her individually to discuss the cause of absenteeism. A phone call to the parent/guardian will be made by the teacher at this time. An absentee report will be sent to the parent/guardian, home school and a copy will be placed in the student folder.
2. When the student reaches five (5) days absent on one quarter, the BOCES counselor will conduct a formal meeting with the student to discuss the causes of absenteeism and to explain the consequences of excessive absenteeism. A phone call to the student's parent/guardian will be placed by the counselor at this time. An absentee report will be sent to the parent/guardian, home school and a copy will be placed in the student folder.

Excessive absence shall be determined as seven (7) or more days in any one quarter and/or twenty (20) or more days for a single school year and forty (40) over a two (2) year program. In the event that absences continue, these procedures will be followed:

1. A student with seven (7) or more days absent in one quarter will be placed on Attendance Probation due to excessive absence. The student will remain on the attendance probation list until the student conforms to the BOCES attendance policy.
2. A student with twenty (20) or more days absence in one school year will be

subject to an incomplete for the year. The student's incomplete for that year may be made up in the first quarter of the following year when the student conforms to the BOCES attendance policy of less than six (6) days absence in the quarter following the incomplete and less than forty (40) days over a two(2) year program. Example: A student who is absent twenty nine (29) days in the first year of a program will only be allowed eleven (11) days in the second year for a total of forty (40).

3. A student who has excessive absences in a first or second year of a program will have the opportunity to attend optional make up days. The make-up days will not exceed five (5) per year and will be scheduled at the convenience of the Vo-Tech staff.
4. A student with forty (40) or more days absences in a two (2) year program will be issued an incomplete and no credit will be awarded.
5. In the event of a student's unforeseen circumstances with medical or personal, the application of this policy may be reviewed by a committee composed of two (2) teachers, and the BOCES administrator. If so desired, a CSO or his/her designee may be part of this committee. A parent may be requested to be at this conference. This committee shall have the power to adopt provisions for additional make up days when circumstances warrant.

## **II. ACADEMIC- INFORMATION**

### **A. COURSE OF STUDY**

#### **CLASSIFICATION OF HIGH SCHOOL PUPILS**

Freshman	- completion of 8th grade
Sophomore	- completion of a total of 4 units
Junior	- completion of a total of 9 units
Senior	- completion of a minimum of 13 1/2 units and/or whose program includes necessary units and courses for graduation, and has passed RCT examinations.

#### **UNITS OF WORK**

1. Students 9-12 are required to carry 5 units of credit a year. The principal will determine any exceptions to this policy.
2. It is not the intention to excuse seniors from study halls and then return to class. The only condition under which this will be allowed is for those who take a class at a college.
3. Students will be permitted to add or drop a course only after consultation with, and upon approval, of the guidance counselor and with parental permission. Before coming to the Guidance Office to drop a course, students are encouraged to discuss their decision with the teacher.

#### **COURSE CREDIT SEQUENCE**

1. Credit for full year courses will be determined by an average of four quarters plus the mid-term and final exams.
2. Credit for half year course will be determined by an average of two 10 week grades and a final exam.
3. In a course with a Regents exam, if the students Regents score is higher than the final grade earned, the Regents score will become the final grade for the course.
4. All Regents and required courses must be taken in semester sequence.
5. Fillmore Central School does not provide any courses or carry out any of its education program or activities on the basis of sex. Our courses and activities are open to all students.
6. Other ways to earn high school credits:

Credits may be earned through independent study and college courses.

Independent study must be in conjunction with a sponsoring teacher and must be approved before starting the independent study. The approval process starts in the Guidance Office. Independent study credits cannot be used toward the major sequence

which is needed for graduation. A student may apply up to one unit of credit toward graduation with a local diploma.

Seniors may enroll in regular college courses and earn credit toward a local diploma. Upon passing the course, three credit hours of college credit will be equivalent to one high-school credit. Up to two credits earned through college courses may be applied to the diploma.

Any credits earned through independent study or college course work will have no bearing on the overall average or rank in class. For more information about earning these credits, see your Guidance Counselor.

## **PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES**

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

The District will provide annual written notice of this policy and any related procedures to all students and their parents or guardians.

### **C. PROMOTION**

1. Middle School - Grade placement for students in 7th and 8th grades who have failed 2 or more subjects is determined by a promotional Committee made up of teachers, administrators, remedial & special education personnel, and the school psychologist.
2. Grades 9-12 - There is no promotional committee for grade placement. It is determined entirely by the courses passed and the number of credits earned.

To be a sophomore, you must have 4 credits (included in these 4 credits must be three (3) of the four (4) required freshman credits - English 9, social studies 9, science and math).

To be a junior, you must have nine credits. (Included in these nine credits must be the four required freshman credits and two of the four required sophomore credits - English 10, Social Studies 10, and second credits of mathematics and science)

To be a senior, you must have fourteen credits. (Included in these fourteen credits must be the required freshman and sophomore credits and one of the two required junior credits-English 11 and Social Studies 11). A student also must be progressing satisfactorily toward completion of the sequence(s) requirement. A student must be able to complete fully the sequence(s) requirement by the end of the second semester of the senior year.

## **D. SENIOR CERTIFICATION**

All students are required to take all exams and pass all required courses before being allowed to graduate. At the close of all examinations, a list of those seniors graduating will be posted; no senior may participate in Commencement who is deficient in credit for graduation or has not completed all other graduation requirements such as competency or proficiency exams requirements.

## **III. SERVICES AND SAFETY PROCEDURES**

### **A. CAFETERIA**

1. Students must be reasonably quiet while in the lunch room. Students will walk to the cafeteria.
2. There are two cafeteria serving lines. Students will select the shorter line. No cutting in.
3. No student is to wait until late in the lunch period to obtain his or her lunch. The cafeteria staff will be asked not to feed students who deliberately arrive late. This is necessary because of the closeness of our schedule with grades following immediately after the high- school line. Students should go to lunch first and then to the gym or designated area once approved by a cafeteria monitor and remain there unless they have downtown permission.
4. Throwing food or destroying property will result in disciplinary action including the possibility of being banned from the cafeteria.

### **B. HEALTH SERVICES**

The Health Office is staffed by a School Nurse (NYS registered nurse) The nurse attends to students' health needs, assessing whether problems may be handled at school, or whether students should be sent home or to a medical professional for care.

Students are referred to parent/guardian (or temporary caregiver) for medical complaints including:

- a) fever of 100 or above
- b) vomiting, diarrhea
- c) symptoms of potentially communicable diseases, (such as 'pink eye" and rashes) are referable for professional medical diagnosis/treatment/advice. These should be kept at home until medically cleared: that is, a) symptoms gone, or b) Doctor's written clearance (permission)
- d) injury requiring medical attention that is unavailable at school
- e) head lice - students sent home with head lice are not to return to classroom until first being brought by parent/guardian to nurse for hair-check approval.

The school health office is concerned with helping students' well-being, which allows them to function as successfully as possible. Routine health screenings are done periodically throughout the school years to identify normal/abnormal conditions including the following:

- a) height/weight/vision/hearing
- b) Physicals are to be done by their primary care physician. The physicals are required for Pre-K or K, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, 7<sup>th</sup>, 9<sup>th</sup>, and 11<sup>th</sup> grades, and are yearly for sports.
- c) body mass index exams
- d) student or teacher-referred concerns, requesting evaluation
- e) abnormalities are referred, to assist students' health improvement, and/or to reduced contagious spreading

Health records on all students are maintained at the Health Office

### **MEDICATIONS:**

NY State law requires that medication brought by student to school is to be kept at the nurse's office for administration by nurse (or designated substitute).

OTC Medicines sent to school are to be in the original container with the correct label. OTC medicines require a written permission from a parent or guardian which includes:

1. Students names, age, wt.
2. Name and strength
3. Reason for medication
4. Dosage - how much and when
5. Start date and stop date
6. Parent or guardian signature

Prescribed medicines are to be in the labeled prescription container with the prescription label information. Prescribed medicines require a Dr.'s signed medication permission form along with the prescription label. It must include:

1. Student name
2. Medication name and strength
3. Reason for medication
4. Dosage - how much and when
5. Start date and stop date
6. Dr.'s signature - parent guardian signature

Remembering to take medication is the responsibility of the individual student. The school is not legally obliged to enforce a student's taking of medication. Younger children's parents may help the child and teacher to remember taking medication by pinning a note with the requested time on it to child's shirt.

Medicine supplies left at school at the end of the school year are discarded. New permission notes (for ongoing medication needs) are required each year.

Each child in your family will need a separate account set up. You can switch back and forth between accounts easily once it is set up. Be sure the front office has your updated email address in the PowerSchool account.

## C. PUPIL PERSONNEL SERVICES

The Guidance Services assist the students in discovering and better utilizing the abilities and opportunities they have or may develop. In fact, every effort is made to carry out the meaning of the motto of the State University of New York: "Let Each Become All He is Capable of Being." In striving toward their goal, each student is helped to know and understand himself better through a discussion of the results achieved on aptitude and interest tests he has taken, and in the opinions of his teachers concerning his abilities and

personality traits. With this knowledge and additional information about the various fields of work in which his/her particular abilities might be utilized and the training facilities available, the student is in a much sounder position to make wise educational and vocational choices.

Each student is welcomed and encouraged to come to the Guidance Office to discuss any problem he/she may have, whether it has to do with the course of study, educational or vocational plans for the future, or purely of a personal nature. Any personal problem a student discusses with a counselor is always treated in the strictest confidence. Parents are also welcomed and encouraged to telephone or visit the counselor at school. Adults who are unable to come during the school day may call the Guidance Office to discuss alternative arrangements.

## **SCHOOL PSYCHOLOGICAL SERVICES**

The school psychologist provides services to students to enable them to meet their learning, personal, and interpersonal needs. Many students, at one time or another, face difficult problems as they attempt to reach their educational goals. These challenges can be in learning, in demonstrating knowledge, in choosing appropriate behaviors, in getting along with peers or adults, or in dealing with stress and life situations.

The school psychologist is able to provide assessment of learning skills, behavioral problems, and educational needs of students. This professional is also a counselor, working with students both individually and in groups. Counseling is provided for students in crisis as well as for students needing less intensive support. The school psychologist consults with school staff and parents when appropriate to help students solve problems and achieve school success.

The school psychologist also works to organize and arrange primary prevention programs. These provide experiences and training for students which help them to develop healthy decision-making and life skills.

The school psychologist's office is in the Guidance Office. Any student can arrange to see the psychologist by contacting that person or the Guidance secretary.

## **SCHOOL SOCIAL WORKER SERVICES**

The school social worker provides another level of support to students encountering obstacles in meeting their educational potential. Students today are faced with many challenges both in and out of school. Many times, these challenges negatively impact performance in the school setting. The social worker is available to help students develop strategies, utilize community resources, establish relationships with outside providers, provide support to parents or guardians, or find/establish other resources to help students and families overcome any obstacle to their education.

The school social workers office is located in the Guidance Office. Any student, parent or guardian, can arrange to see the social worker by contacting that person or the Guidance secretary.

While the district cannot screen or review all of the available content or materials on these external computer networks, some of the available content or materials on the computer devices may be deemed unsuitable for student use and parent/guardian supervision is required.

Despite the existence of a district filtering system, policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians must be willing to establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The

Generally, the same standards of acceptable student conduct which apply to any school activity shall apply to use of district technology devices. This policy does not attempt to articulate all required and/or acceptable uses of the district devices; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate student conduct and use as well as proscribed behavior.

District students shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students will have a login created, that includes a district email address, provided for students to reach teachers.

Students will have access until they graduate or stop attending the school district.

## **VI. SEXUAL HARASSMENT OF STUDENTS**

In recent years we have all become more aware of what sexual harassment is and the devastating effect this behavior may have on the victim. The Board of Education is committed to safeguarding the right of all students within the school district to learn in an environment that is free from all forms of sexual harassment. As a result there is a Board policy designed to provide students with a means for bringing the harassment to an end and the harassers to be held accountable for their actions. Copies of this policy are available to students in both the District and 7-12 office.

In plain language if you feel that you are the victim of some form of sexual harassment please report it immediately to teachers, staff, or administration. All complaints will be investigated and appropriate action taken.

## **VII. MESSAGE TO PARENTS**

Although this handbook is designed primarily for the student's use, it is important that parents are also aware of the rules, policies, and procedures of the school. Parents may then be able to reinforce the appropriate attitudes and behavior of their son or daughter. The administration and faculty of Fillmore Central School want to keep the communication lines open to parents in order to minimize misunderstandings. Parents are encouraged to talk with their son or daughter about the day-to-day activities. At dinnertime a check of students' problems, projects, and attitudes keeps the parents constantly informed.

We welcome any questions or concerns on the part of the parents. Many times a telephone call can quickly dispel unwarranted rumors or clear up a misunderstanding. To facilitate this parent-school communication, a directory is made available. The areas of responsibility are noted to help parents contact the appropriate school authority.

Therefore, the consumption, sharing and/or selling, use and/or possession of alcoholic beverages, illegal beverages, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of such drugs is prohibited at any school-sponsored event or on school property at all times. The inappropriate use of prescription and over-the-counter drugs shall also be disallowed.

Through the collaborative effort of staff, students, parents/legal guardians and the community as a whole, a comprehensive program shall be developed addressing alcohol other substances to include the following elements:

- a) An age-appropriate drug and alcohol prevention education program for students in all grades from early childhood through grade 12.
- b) Intervention, to eliminate any existing use/abuse and provide support services to all students from early childhood level through grade 12 considered to be at risk for use/abuse.

2. An effort to provide positive alternatives to alcohol and other substances use/abuse through the promotion of drug/alcohol-free special events service projects and extracurricular activities that will develop a positive peer influence.

B. Intervention and Counseling

School-based intervention services shall be made available to all students, grades K-12, and provided by prevention professionals who are appropriately trained in this area. The purpose of intervention is to eliminate any existing use/abuse of alcohol and other substances and to identify students considered to be at risk for use/abuse. Intervention programming shall include:

1. Counseling of students in groups and as individuals on alcohol and other substance use/abuse. Counselors shall be appropriately trained and skilled school staff assigned for this purpose.
2. Referring students to community or other outside agencies such as Allegany Area Council on Alcoholism and Substance Abuse, Inc. when their use/abuse of alcohol and other substances requires additional counseling or treatment. Referral is a key link in school and community efforts and the process is basic to the dissemination of information regarding available counseling and health services.
3. Providing a supportive school environment designed to continue the recovery process for students returning from treatment.
4. Ensuring confidentiality as required by state and federal law.

C. Disciplinary Measures (Students)

1. Disciplinary measures for students consuming, sharing and/or selling, using and/or possessing alcohol beverages, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of such drugs shall be outlined in the District's policy on Student Rights and Responsibilities (#5501) and Interscholastic Athletics (#5139.1).

D. Staff Development

There shall be ongoing training of District staff about the components of an effective alcohol and other substances program. Training shall include, but not be limited to, District policies and regulations and the staff's role in implementing such policies and regulations. ## **IX. FILLMORE CENTRAL SCHOOL EDUCATIONAL RESOURCE GUIDELINE**

Teachers are encouraged to use all forms of media as a valuable instructional tool to engage with students while instructing the varied 21<sup>st</sup> Century skills necessary to understand and succeed in the world. We acknowledge that the use of media such as film, television shows, internet material, books and printed material, and news media is a powerful tool that can be used effectively in the classroom. We accept that it is a necessary part of our instruction to teach students to be “literate” with all forms of media.

We understand that material chosen may be of sensitive nature to some audiences. We acknowledge that our teachers are professional educators equipped with the integrity to work with administrators to construct a meaningful and effective curriculum. Material will be chosen with the professional discretion of the classroom teacher and the school principal who have both approved the material to be utilized in class. Teachers will communicate to parents, the type of media and rating-if available, prior to implementing the media into the curriculum along with the educational rationale for its usage.

If a parent has issue with certain material being used, the parent will share their concern with the teacher. If the concern is not resolved, it will be shared with the principal and if the principal supports the objection as being reasonable an alternate academic assignment will be made for that individual.
