DOWNTOWN LUNCH PERMIT
GRADE 12
2022-2023

It is a privilege for a student to leave the school grounds and go downtown during the lunch period. Such a privilege also contains responsibilities such as properly signing out and in, not hanging around close to the school grounds, returning to the first afternoon class or study hall on time, etc. Failure to act responsibly will result in disciplinary action including possible withdrawal of the pass.

I request that my son/daughter be excused during his/her lunch time during the school year. I will take complete responsibility for him/her during the time he/she is off the school campus during the lunch period.

I do_____do not_____give my child permission to **drive during lunch.**

Both myself and my child understand that he/she, under no circumstance, can have passengers in the car with them. Failure to follow this request may result in suspending or revoking this privilege.
