NYSSMA Conference All-State Honors

By Mrs. Reding and Mrs. Chapman

The FCS Music Department is THRILLED to announce that three of our student musicians have been selected to receive honors at the highest level awarded to musicians in New York State. FCS Senior Tyler Boynton, pictured right, has been accepted into the New York State School Music Association 2019 Conference All-State Mixed Chorus. Seniors, Emily Willgens (Euphonium), pictured middle, and Julia Colombo (Timpani), pictured left, have been selected as Alternates for the Symphonic Band. Tyler will travel to Rochester, New York, to rehearse with approximately 900 other All-State musicians from December 5 through December 8, 2019. He will perform in concert at Eastman Theatre on December 8 at 10:00AM. Being selected as a participant or alternate for a NYSSMA Conference All-State Ensemble represents YEARS of hard work and dedication to music. Approximately 6,000 high school music students from across the entire state apply for this honor and only 900 are selected. We are so proud to have representation at this level from our tiny little Fillmore Central School. *Way to go Tyler, Emily and Julia!*

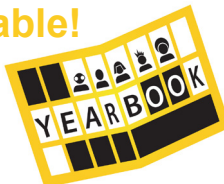

REMINDER BAND INSTRUMENTS NEEDED:

If you have a band instrument gathering dust under a bed or in a closet, please consider donating to the FCS Music Department. There is always a need for band instruments for children who want to learn to play, but cannot afford an instrument. We provide as many as we can, but there is always a need. **Your donation is tax deductible!** Contact Jessica Chapman at (585)567-2289 if you would like to donate. Thank you!

Message from the Superintendent

SchoolMessenger is the calling system used by Fillmore CSD to keep our parents and staff informed of important messages via telephone, text and email messages. The district will use this reliable platform to communicate important information such as school cancellations and delays when there is inclement weather. ****Please listen to the entire message or voicemail before attempting to contact the school.**** If you have provided the school with your cell phone number and email address you will receive the information in a text and email as well.

Other media with school closing or delay updates are as follows:

- * **Buffalo News Television Stations:** NBC, CBS and ABC
- * **Rochester News Television Stations:** 13WHAM and FOX
- * **Wellsville Radio Stations:** 95.7, 103.5, 101.9, and 93.5

If you notice after our first cancellation that you are not receiving these messages please contact the school.

I am reminded of the saying that is said to have been made famous by Abraham Lincoln "You can please all of the people some of the time, but not all of the people all of time." (or something like that) Perhaps that has been the reaction to different things that FCS has been doing as we endeavor to improve school security. Actually it seems like more than most of you have adjusted well to the new procedures with the FCS greeter and registration system. Thank you to all who have patiently adjusted to this new practice.

While this was one of the suggested procedures in the recent school safety survey we are beginning to discuss another. A number of people, more than for a registration process, made comments about a School Resource Officer (SRO). While this is beginning to grow in popularity in schools, it has not been without controversy as some who occupy this position have acted in ways that are detrimental to students.

The FCS board is not yet ready to act on an SRO or similar position, but we are considering the benefits of having someone on staff whose primary role is to oversee security and act as visible presence. There are a lot of factors to consider such as: what is our level of risk, how could this person best relate with students and be a positive influence for them, would a uniformed (think police) or a plain clothes presence be better (or somewhere in between)? Additionally what overall aspects of security would be part of the position?

One thing that I believe we do not want to do is create an image that the position would be to police the students. Our goal would be more to have the person be there for the students! As you hear of other schools adding positions like this, be assured that it is a part of our conversation, and that once we move to add a position it would be designed in the way that will be the best for Fillmore Central School and your students!

Blessings,
Marcus Dean, *BOE President*

WELCOME To SCHOOL

Summer Driver Education Class

In conjunction with BOCES and Fillmore Central School we were able to provide Driver Education to a great group of FCS students over summer vacation. It was a wonderful experience for all involved. Objectives of this program included the teaching of driver safety, rules of the road, and the proper knowledge, attitude and skills needed to drive. In-the-car instruction provided students with the basic skills needed to drive.

I would like to thank everyone who helps to make this program successful year after year.

- This was the fourth year that the class has traveled to Marquart Farms where Jenn Frazier-Smith provided each student with a semi, tractor, special vehicle safety presentation. In her presentation Jenn provided students with the knowledge and opportunities of what it is like to sit in the seat of the big rigs. The students are able to walk around and get into the seats of these enormous vehicles to be able to see what the driver can and cannot see. She also discussed slow-moving vehicles and how to drive appropriately when you meet one of them on the road.
- Ellen Tucker came in from Walker Insurance Agency, Inc. and spoke to our Driver Education classes for the third time. She spoke to the students about the importance of driving safely, the various types of automobile insurance and special options available for safe drivers.
- Brian Perkins, Allegany DWI Coordinator, traveled to Fillmore and spoke to the class about making good choices and staying safe. He had great information and activities for the kids to participate in. It was a very eye-opening experience for all involved.
- Trooper John Campanella, School and Community Outreach Coordinator came down and spoke to our students on how to be safe on the roads and gave suggestions on how to make good decisions.

School will be closed on November 11th for Veteran's Day and from November 27–29 for Thanksgiving Break.

Fillmore SADD Hard at Work

The start of the school year has been a busy one for the Fillmore SADD (Students Against Destructive Decisions). Both High School and Middle School students have been working on many great ideas. With the school year starting this group has been collecting donations for the Annual FCS Open House SADD Chinese Auction on October 10 in the cafeteria. They are also in the process of planning activities for the Nationwide Red Ribbon Week from October 23 – 31. Red Ribbon Week is always held the last week of October as a call to action to speak out in support of making healthy choices.

This driven group of young people meets every Wednesday in Mrs. Ellsworth's room during 6th period. They are in the process of planning various other future activities. Presently they are reaching out to FCS teachers to identify students in need of academic assistance that they can tutor. At some point in the school year they plan to make inspirational notes and posters for the walls and lockers throughout the school. They even want to have a school-wide door decorating contest to draw attention to making healthy choices. Please feel free to reach out to Mrs. Rookey or Mrs. Ellsworth here at FCS if you have any questions.

Seniors Say "Thank You!"

Bringing TEAMS Together By Betsy Hardy, Director of Technology

The 2019-20 school year kicked off with exciting new teacher resources, new STEM classes and the continuation of 1:1 devices for all K-12 students.

New Teacher Resources: Teachers in grades 5-12 now have access to Impero Software and teachers in grades K-4 have Apple Classroom to support digital learning on laptops and iPads. These new software applications provide teachers with instruction and monitoring tools and also provide online safety utilities to protect students while on the Internet.

Mrs. Glasner added, *"I LOVE our new Impero computer program. It has made the process of using technology in our classrooms much more efficient. The students are more on task and are staying engaged with the websites or lessons they are supposed to be working on. This program has greatly improved the quality of the technology parts of our lessons."*

"Apple Classroom has made teaching with the iPads in 2nd grade so much easier! It used to be so hard trying to make sure that everyone was on task and where they should

be. With Apple Classroom I can check and/or guarantee that students are working on any given task. The kids also know that I can check in, so in a way they're becoming more accountable and making sure they're making good choices as well," shared Mrs. Hatch.

New Technology Classes:

- **2nd, 3rd, 4th, 6th Grade Technology:** includes keyboarding, robotics, and digital citizenship
- **5th Technology:** helps transition students from iPads in K-4 to laptops learning O365, digital citizenship, and other technology
- **Coding & Robotics:** students design and build a mobile robot and are part of the VEX Robotics Team competitions
- **Video Broadcasting Production:** focuses on all aspects of news media, video production and media literacy
- **Evolution of Games:** students explore the history of games and students will

tech corner

prototype digital games and create their own original game

- **Game Maker Programming:** basic programming language is used to create two-dimensional games using Game-Maker Studio, Python, Java and C++.

Attention Fillmore Community Members and Businesses!

.....

FILLMORE CENTRAL SCHOOL CHRISTMAS ASSISTANCE PROGRAMS

The Secret Santa Program at Fillmore Central School is an annual community project designed to help families in need. It enables the faculty, staff, and students at FCS, as well as surrounding communities, to provide Christmas Gifts for families who may be in need.

The Secret Santa Program is supported by donations of gifts and money by the faculty and staff at FCS, as well as Fillmore, and surrounding communities. It is the entire communities overwhelming generosity that enables over 200 children to benefit from this program each year.

Through the generosity and kindness of both the individual residents of Fillmore and area businesses and organizations, it is our hope to help ease the financial burden placed on these families by providing them with a few gifts to put under the Christmas tree. Any assistance you or your organization is willing to give will be greatly appreciated. We have children or families you can "adopt", as well as the donation of any toys, books or clothing, etc, which should be new and unwrapped. Monetary donations should be made out to FCS Student Council.

We are also looking for donations for a Chinese auction we are holding during the Craft Show at FCS on November 23, 2019. If you would like to donate to this please have your donations to the school nurse's office by November 22, 2019. Any type of gift basket as well as gift certificates and anything that may work well at a Chinese auction is more than welcome!

Please contact the Fillmore Central School Nurse's Office at 567-8584 or email: sparmenter@fillmorecsd.org for further information. Thank you for helping us spread some Christmas cheer to families in need! We wish you a happy and healthy holiday season, and God Bless.

Sincerely,

Stacy Parmenter

TAKE 3 ACTIONS TO

FIGHT FLU

Influenza (flu) is a contagious disease that can be serious. Every year, millions of people get sick, hundreds of thousands are hospitalized, and thousands to tens of thousands of people die from flu. CDC urges you to take the following actions to protect yourself and others from flu.

GET YOURSELF AND YOUR FAMILY VACCINATED!

A yearly flu vaccine is the first and most important step in protecting against flu viruses.

Everyone 6 months or older should get an annual flu vaccine. Protect Yourself. Protect Your Family. Get Vaccinated. #FightFlu

STOP THE SPREAD

Take everyday preventive actions to help stop the spread of flu viruses!

Avoid close contact with sick people, avoid touching your eyes, nose, and mouth, cover your coughs and sneezes, wash your hands often (with soap and water).

ASK YOUR DOCTOR ABOUT FLU ANTIVIRALS

Take antiviral drugs if your doctor prescribes them!

Antiviral drugs can be used to treat flu illness and can make illness milder and shorten the time you are sick.

Busy Busy Month for FFA

FFA update! On September 19th twelve FFA students participated in the 32nd Annual Agriculture Skills Contest at Alfred State College. Students competed in one of three events: Companion and Small Animal, Agricultural Skills, or Tractor Driving, where they tested their knowledge of things such as tractor safety, agronomy, parasite I.D, and animal science. Top ten finishers included Harley Miller, Easton Cahill, and Cole Armison.

October is a very busy month for us. Fruit sales started on October 7th. Fruit forms are attached in the newsletter. Open House was held on the 10th. This year we did something new at open house, and raffled off a calf donated from Table Rock Farm. Thank you to everyone who participated in our drawing! Our final activity in October will be sending our Dairy Judging team to Nationals in Indiana. Our students leave on the 28th! Wish them luck!
