

FILLMORE CENTRAL SCHOOL

Attention K-3 Parents

Beginning on April 12, 2021 students in kindergarten through third grade will increase the number of days for in-person learning. Kindergarten through third grade students will attend Monday through Thursday from 8:00 am to 2:00 pm.

Decisions regarding returning grade levels were made based on the District's ability to follow State mandated requirements both within the classroom and while transporting students. New schedules, bus routes and classroom layouts have been created. The school has ordered additional barriers to stay compliant and keep students safe. Students in 3PK, PK and 4th -12th grade will remain on the current hybrid schedule for the time being. If NY State officials change guidelines or reduce social distancing requirements for schools we will continue to adjust the schedule.

Parents of K-3 students should carefully check backpacks each night as we will be sending home forms to collect and distribute information regarding student transportation. Thank you to everyone who said they were willing to transport their child. You truly made this opportunity possible.

Parents of all virtual students in K-3 should look for communication from the classroom teacher in the coming weeks. Teachers have worked hard to keep virtual learners on pace with in-person learners. As in-person learning time and expectations increase you may see increases in your child's virtual expectations as well.

If you have any questions regarding the new schedule please contact Mrs. Aylor at 585-567-4432.
